Hi Nikki,

I met you about 6 years ago when I was President of the Hollywood Media District and we had a BID matter to discuss with Tom LaBonge downtown.

I am the gentleman in the photo standing behind you, third from the left and still serve as Board member of the HMD. Congratulations, by the way on returning as Field Deputy to our District!

I am contacting you regarding getting some information on repairing a portion of my street which neither I nor Lisa Schechter, our Executive Director, have been able to get from BSS. Last year, it was scheduled for repair but fell off the the list due to a DWP hold.

If you read the chain of emails below, you will see that we have been trying to get a contact at DWP regarding a hold on the BSS repair of the street.

It is my opinion that the hold was a result of a water main issue that has been resolved and DWP has not bothered to release it.

That way it could be put on the list for repair for the next fiscal year in July 2016 instead of July 2017 as Sherman states. Both Lisa and I have sent emails to Sherman Torres asking for further info without reply.

Could you find out from either BSS or DWP what the problem is and when the work can be rescheduled?

The street is in terrible condition and I have been constantly reporting this as a service request to BSS for over 7 years.

Incidentally, It is only the first 250' of asphalt on McCadden south from Santa Monica Bl. to just past the first alley - the rest of the street towards Romaine is concrete and is fine.

Thanks,

Ron Groeper

Hi Sherman,

I am following up on an email sent by our Executive Director for our BID, Lisa Schechter.

As a property owner and Board Director of the Hollywood Media District, I am concerned about the condition of the street on McCadden Place. Not only has it not been resurfaced for many years, it gets constant traffic from MTA buses as a turnaround and other heavy vehicles.

Concerning your email response about the DWP project, I know that the hold was due to water main issues on the south side of Santa Monica. As far as I know, that work was completed last year and we have not had any issues since. For those repairs, DWP liked to park their equipment just south of Santa Monica Boulevard on McCadden Pl. - the portion of the street that needs the resurfacing. If another rupture should occur during resurfacing, an unlikely coincidence, I see no reason why DWP couldn't park their equipment north of Santa Monica Bl. on McCadden.

The business owners in this area would like this resolved at some point soon and rescheduled for resurfacing. This street has been inspected and approved for resurfacing through coordinating for more than a year. I have personally been making service requests since 2012 (ref#13035294 - 6/20/13). To hold up a street repair of 250' of asphalt for another 6 months or more because water main repairs just might be needed the same day as repaving seems unfair.

Could you please follow up with DWP concerning the hold to see if they will release it so that BSS can schedule resurfacing or let us know who we should contact there?

Thanks,

Hi Lisa,  
This location is currently on hold for a DWP project through July 2017 and

therefore  
cannot be resurfaced at this time. However, once it has been cleared of the  
hold, it will  
be considered providing there is available funding and no additional request  
for utility or  
other holds.

Please let me know if I can be of further assistance.

Thanks

Dear Ming:

Can you please find out when this street segment is due for repaving or resurfacing  
as it is in bad condition. Really it is just half of the street that needs to be done.

North McCadden Place between Santa Monica Blvd and Romaine Street,
